

MACHINERY

Index to Vol. XXII

September, 1915, to August, 1916

1916

THE INDUSTRIAL PRESS

140-148 Lafayette St.

New York

Index to MACHINERY

A	
Abdt, Otto:	
An Appeal for Better Patents.....	957
Accelerating Force of Reciprocating Parts.	
Hubert L. Watson.....	1044
Acceleration, Unit of.....	1084
Accessible, Designing Machinery to be.....	852
Accidents and Health.....	535
Accidents kept at Ford Motor Co., Record of.....	753
Accidents, Relation of Noise to.....	53
Accuracy Required in Roughing Cuts.....	793
Accurate Jig That Produced Inaccurate Work.	
An. F. J. Badge.....	333
Acetylene Generator.....	440
Acme Machinery Co.:	
Threading Die Chaser Grinder.....	911
Turret Type Bolt Pointer.....	912
Duplex Nut Burring Machine.....	912
Adams Co.:	
Hand Milling Machine.....	255
Adjustable Drill Brace Co.:	
"Mosher" Adjustable Drill Brace.....	437
Advance-Rumely Co.:	
Engine Lathe.....	1011
Advise? Should the Engineer.....	780
Advertisements, Extraordinary Help Wanted.....	727
Aeroplane, Development of the.....	481
Aeroplanes, New French.....	990
Aeroplanes, Non-recoil Guns for.....	1103
Aeroplanes, Vanadium Steel for.....	972
Air Chucks, Safety Valve for. Lawrence Fay.....	797
Air Compressor, Portable.....	440
Air Compressor Valve, "Simplate".....	346
Air Compressor, Vertical.....	727
Air Compressors, Development in Steam Power.....	340
Air Compressors, Type N-80, Chicago Fuel Oil	
Driven.....	613
Air for the Sandblast, Drying. George B. Morris.....	604
Ajax Mfg. Co.:	
Two-blow Header for Hot Work.....	429
Akron Gear & Engineering Co.:	
Multi-cone Clutch.....	1010
Alarm for Bevel Gear Generator, Electric. E.	
K. Morgan.....	232
Albrecht, Robert J.:	
Repairing Cracked Dies.....	9
Alexander & Cox Co.:	
Belt Shifter.....	240
Alexay, Adalbert O.:	
Riveting Die.....	983
Aligning the Propelling Shafting of Ships. N.	
I. Mosher.....	419
Allan, James R.:	
Drafting-room Kink.....	891
Allen-Bradley Co.:	
Universal Controller.....	727
Allen Mfg. Co.:	
Extension Tap Holders.....	440
Allen, Robert, Personal of.....	259
Allington, George:	
Calculating Change-gears for Hobbing Spiral	
Gears.....	884
"Allowance," "Clearance" and.....	474
Allowances, Plug and Ring Gage.....	428
Alloy, Die-casting Aluminum.....	411
Alloy for Cutting Tools.....	1100
Alloy for Making Strong Castings, Aluminum.....	516
Alloy for Patterns and Core Boxes, Aluminum.....	513
Eugene Bart.....	513
Alloy, New White Metal.....	581
Alloy of Nickel and Tantalum.....	410
Alloys for Automobile Construction, Bronze.....	1055
Alloys in Germany, Scarcity of Copper.....	134
Almond Mfg. Co.:	
Radial Drill.....	357
Almorth, G. A.:	
Adjustable Drawing Table.....	1010
Aluminum Alloy.....	554
Aluminum Alloy, Die-casting.....	411
Aluminum Alloy for Making Strong Castings.....	516
Aluminum Alloy for Patterns and Core Boxes.....	513
Eugene Bart.....	513
Aluminum Crank-cases, Milling Buick. Edward	
K. Hammond.....	543
Aluminum Die-casting.....	403
Aluminum, Oxy-acetylene Welding of. Fore-	
man.....	858
Aluminum, Oxy-acetylene Welding of. S. W.	
Miller.....	461
Aluminum, Solder for.....	427
Aluminum Welding. Harry B. Hoover.....	1032
Alvord, T. H.:	
Training the Apprentice.....	756
Amalgamated Machinery Corporation:	
Shell Turning Lathe.....	74
Semi-automatic Turning Machines.....	357
Shell Turning and Boring Machines.....	441
New Method of Building Lathes.....	877
American Electric Process Steel Co.:	
Automatic Steel Hardening and Tempering	
Machine.....	998
American Foundrymen's Association, Annual	
Convention of.....	486
American High Speed Chain Co.:	
High-speed Silent Chain.....	161
American Incandescent Heat Co.:	
Three-oven Furnace.....	823
American Industries, New.....	100
American Machine Tool Co.:	
Lincoln Miller.....	255
Shell Turning Lathe.....	814
American Market, The South.....	370
American Metal Products Co.:	
"Ampco" Bronzes.....	403
American Model & Instrument Co.:	
Factory Signal System.....	824
American Museum of Safety Annual Meeting.....	574
American Pulley Co.:	
Cork-inset Pulley.....	1089
American Railway Master Mechanics' Associa-	
tion, Annual Convention.....	1014
American Society of Mechanical Engineers, An-	
nual Meeting of.....	421
American Society of Mechanical Engineers,	
Monthly Meeting of.....	258
American Society of Mechanical Engineers,	
Monthly Meeting of.....	357
American Society of Mechanical Engineers,	
Monthly Meeting of.....	498
American Society of Mechanical Engineers,	
Monthly Meeting of.....	594
American Society of Mechanical Engineers,	
Monthly Meeting of.....	887
American Society of Mechanical Engineers,	
Spring Meeting of.....	692
American Society of Mechanical Engineers,	
Spring Meeting of.....	830
"Ampco" Bronzes.....	403
Ampudia, F. P.:	
Improvements on Intermittent Movement of	
Geneva Wheel.....	1078
Anderson, C. H.:	
A Tailstock Drill-holder.....	335
Hack-saw Setting to Length.....	892
Depth Gage for a Tap.....	895
Anderson Die Machine Co.:	
Die Forming Machine.....	157
Andrews, Jr., Ernest A.:	
Velocity of Steam Flowing through Valves.....	849
Chart for Determining Engine Frame Loads.....	1057
Angle of Torsion. B. D. Pinkney.....	58
Angles, Determining Indexing Movements for.....	481
Angles, Graphical Method of Measuring.....	803
Angles, Measuring. F. B. Jacobs.....	986
Angular Surfaces, Machining. William S.	
Rowell.....	603
Annealing Boxes.....	163
Anthony, Charles C.:	
Standard Jig Fastenings.....	31
Anvil, Cover for Micrometer Spindle and. J.	
B. Murphy.....	1080
Apprentice, Training the. T. H. Alvord.....	756
A. P. Press:	
The Little Shop in the Back Yard.....	595
How We Made the Switch Parts.....	602
A. Purchaser:	
Taking One's Own Medicine.....	559
Arbor Press.....	440
Arbor Press Adapted for Use as Punch Press.....	900
Arbor Press, Hydraulic.....	727
Arbor Press, United "Long Range".....	348
Area of Segment of Circle, Formula for Find-	
ing.....	803
Armstrong, George:	
Shell Turning Attachment.....	795
Ashton, E., Personal of.....	259
Assembling Methods of the Jones & Lamson	
Machine Co. Edward K. Hammond.....	470
Assembling Plug and Ring Gages of Same	
Dimensions.....	390
Association of French Importers of Machine	
Tools.....	1106
Atkins, H. C.:	
Brushing Chips Out of Cold Saws.....	423
Atmospheric Engine.....	585
Atmospheric Pressure on Mercury Column.....	802
Attachment, Setting the Planer Radius. John	
Lynch.....	592
Ault, Harry W.:	
Grinding Cone Pulleys at the Norton Plant.....	32
Auto Appliances, Defective.....	875
Auto Craft:	
Chute for Automobile Bodies.....	1081
Autogenous Welding, see Welding.	
Automatic:	
Self-centering Milling Machine Vise.....	798
Automatic Electrical Tool Co.:	
Electrical Tools.....	245
Automatic Machine Co.:	
Shell Cutting-off Machines.....	356
Thread Miller.....	441
Automatic Machinery, Design of. Joseph W.	
Wunsch.....	1052
Automatic Screw Machine, see Screw Machine.	
Automatic Transportation Co.:	
Storage Battery Truck.....	619
Automobile Bodies, Chute for. Auto Craft.....	1081
Automobile Construction, Bronze Alloys for.....	1055
Automobile Cushion Springs. E. F. Lake.....	1071
Automobile Engine Design, Analysis of 1916.....	680
Automobile Manufacturers in the United States.....	561
Automobile Production, Ford Motor Car Co.'s.....	824
Automobile Show, New York Annual.....	536
Automobile Spring Machine, Lewis.....	611
Automobiles in 1916, Increased Production of.....	745
Automobiles, Manufacture of Metal Bodies for.....	395
Aviation as a Sport.....	974
Avis, William H.:	
Drilling, Reaming and Straightening Rifle	
Barrels.....	671
Ring vs. Line Straightening of Rifle Barrels.....	801
Axles, Steel Forgings Made From.....	1035
Ayers, Jr., J. Gerrish:	
Carburization and Heat-treatment.....	17
B	
Babbitt, Arthur B.:	
Economical Fixture Design.....	145
Babbitt Bearing Mold. D. S. Mann.....	146
Babbitt Connecting Rod Bearings, Mold for.....	332
Babbitt Mask, Multi-metal Dust Hood and.....	813
Back-gears, Design of. M. R. Bowerman.....	584
Badge, F. J.:	
An Accurate Jig That Produced Inaccurate	
Work.....	333
Baird Pneumatic Tool Co.:	
Pneumatic Drill.....	1010
Pneumatic Tapping and Drilling Machine.....	1010
Staybolt Cutter.....	1010
Pneumatic Trip for Punches and Shears.....	1011
Baker, Donald:	
Design of Jig Feet.....	694
Machine for Cutting Powder Train Groove.....	787
Under-cutting Machine with Finger Guard for	
Under-cutting Fuse Parts.....	866
Grinding Magnetic Chucks.....	981
Preventing Drills from Slipping.....	983
Improvement in Lathe Centers.....	1081
Balance, Problem in Dynamic.....	897
Balance Staff, Repairing a Watch. Guy H.	
Gardner.....	972
Balancing Machine, Dynamic.....	70
Balancing Machine, Rockford Combination	
Drilling and.....	86
Baldwin, A. S., Personal of.....	540
Baling Machine, Tempus Scrap.....	534
Baling Machine, Standard Scrap.....	727
Ball-bearing Lathe Headstock, Hart-Parr.....	876
Ball Bearing, Schatz Universal Annular.....	530
Ball Bearing Spindles in Machine Tools.....	956
Ball Bearings for Motor-generator Sets.....	980
Ball Bearings, Manufacture of.....	1021
Ball Bearings on Freight Cars.....	1011
Ball Contact Points, Limit Gage with.....	390
Ball Retainer, Making a Pressed Steel. Ernest	
Walters.....	686
Ball that can be put between Another Ball and	
Corner, Largest.....	1084
Ball Thrust Bearings, Roller Follow-rests with	
E. K. Morgan.....	335
Ball's Magazine Rifle of 1863, Albert. Guy	
Hubbard.....	1057
Balls, Turning Ivory Billiard. Edward K.	
Hammond.....	376
Band, see also Saws.	
Band Grooves in Shrapnel Shells, Machining	
the. J. W. Geary.....	331
Band Seat Turning and Waving Machine.....	917
Band Turning Lathe, Jenckes.....	1091
Band Turning Machine.....	535
Band Turning Machine, Jenckes.....	432
Banding and Nosing Press, Cleveland Shell.....	253
Banding Machine, Shell.....	253
Banding Press, Hydraulic.....	356
Banding Press, Metalwood.....	350
Banding Press, Ryerson Pneumatic Spring.....	532
Banding Presses, Hydraulic Nosing and.....	72
Bar Straightening Machine.....	1010
Barker, William, Obituary of.....	360
Barrel, Electroplating.....	357
Barrels and Sight Parts, Machining. Douglas	
T. Hamilton.....	643
Barrels, Drilling, Reaming and Straightening	
Rifle. William H. Avis.....	671
Barrels, Reboring Brass Working.....	896
Barrels, Ring vs. Line Straightening of Rifle.	
William H. Avis.....	801
Barrels, Specifications for Rifle. Douglas T.	
Hamilton.....	638
Barrels, Thomson Thread Milling Machines for	
Shells and Rifle.....	237
Barrett, D. O.:	
"Gaspowrule".....	160
Bars on the Bench Lathe, Machining Rifling.	
A. H. Cleaves.....	751
Bars, Tool for Cutting Test. Gus Luck.....	333
Bart, Eugene:	
Aluminum Alloy for Patterns and Core Boxes.....	513
Battle-plane, Vanadium-steel.....	1106
Battleship "California," Electrically Propelled.....	235
Baugh Machine Tool Co.:	
Rifling Machine.....	243
Rifle-barrel Turning Machine.....	351
Inverted Station Type Drilling Machine.....	352
Station Type Tapping Machine.....	353
Rifle Receiver Spining Machine.....	613
Rifle Barrel Drill Grinder.....	616
Multiple-spindle Drilling Machine.....	727
Bauth Mfg. Co.:	
Soft Metal Hammer.....	440
Bayonets, Testing Lee-Enfield. John J. Ralph.....	970
Beam, To Find the Maximum Bending Moment	
of a.....	1086
Bearing, see also Ball, Roller.	
Bearing Liners and Keys, "Simplex," Hard-	
ened Steel.....	353
Bearing Mold, Babbitt. D. S. Mann.....	146
Bearings, Kerosene in.....	606
Bearings, Mold for Babbitt Connecting Rod.....	332
Bearings, Shelby Steel Tubing for Differential.....	974
Bearings with Kerosene, Flushing. William C.	
Betz.....	797

Becker Milling Machine Co.: Vertical Milling Machines	1100
Beighlee Electric Co.: Electric Recording Pyrometer	810
Belgian Markets, French and. A. P. Dautun.	412
Bellevue Furnace Co.: Heat-treating Furnaces	441
Belt Clamp	1100
Belt Lacer, Clipper	618
Belt, Length of Open	1085
Belt Shifter, Alexander & Cox	249
Belt Shifter, Dearborn	75
Belt Shifter, Diamond Clamp & Flask Co.	162
Belt Shifter, Larson	716
Belt, Southwick Duck-center Chrome	914
Belt Templet Square, Southwick	915
Belt Tightener	440
Belts on Grinding Machines, Importance of Having Uniform Thickness of	469
Bemis, Edgar W.: Four-spindle Drill	154
Bench Drill, Lindgren High-speed	161
Bench, Work	1010
Bending and Torsion Stresses, Formulas for Combined	548
Bending Fixture, Hand. James Ellis	892
Bending Fixtures, Hand-operated Wire. George P. Breitschmid	515
Bending Machine, Bar	162
Bending Moment of a Beam, To Find the Maximum	1086
Bending Sheet Metal for Metal Furniture. K. George Selander	473
Bennett, C. A., Personal of	259
Bennett Metal Treating Co.: Steel Heat-treating Compound	816
Berger Mfg. Co.: Work Cabinets	162
Steel Lockers	355
Bertsch & Co.: Multiple Punching Machine	74
Besly & Co., Charles H.: Wide-face Ring Wheel Grinder	242
Betterment, Industrial. Forrest E. Cardullo	171
Betterment, Industrial	202
Betz, W. C.: Precision Bevel Protractor	426
Flushing Bearings with Kerosene	797
Selective or Local Hardening	800
Bevel Gear Pattern Gage. Glenwood Macomber	334
Bevel Gear Planing Generator. Gleason	152
Bevel Protractor, Precision. W. C. Betz	426
Bickett Machine & Mfg. Co.: Bench Milling Machine	535
Bickford & Co., H.: Boring and Turning Mill	356
Bickford Machine Co.: Vertical Milling Attachment and Milling Machine Vise	1006
Bicknell-Thomas Co.: Tapping Chuck	159
Friction Clutch	535
Bicycles, etc., Manufacture of Motorcycles	842
Bierbaum, C. H.: Graphite as a Lubricant	887
Bierhart, H. J., Obiuary of	446
Biggs Machinery Co., P. H.: Kent-Owens Milling Machine	432
Gorton Fuse Routing Machine	432
Open-type Box-tool	816
Screw Machine	820
Billet Slitting Saw. Espen-Lucas	915
Billet, A. R. Williams Drill for High-explosive Shell	241
Billiard Balls, Turning Ivory. Edward K. Hammond	376
Bishop-Babcock-Becker Co.: Welding and Cutting Torches	1100
Bitterlich, W. J.: The Real Purpose of a Drawing	602
Bitumastic Enamel, a Compound for Preserving Steel Against Rust	475
Blanking and Drawing Press, Cleveland High-duty Forming	355
Blanking and Forming Die, Piercing. A. H. Wilson	696
Bliss, Sherwood C.: Shall We Use Wide or Narrow Guides?	147
Blomquist-Eck Machine & Mfg. Co.: Pneumatic Riveter	615
Sensitive Drill	717
Pneumatic Riveter	907
Blow, Force of a	1085
Blower, Ingersoll-Rand Turbo	811
Blueprint Making, Peroxide in. H. L. Judd	513
Board Drop-hammers. Dixie	1062
Boards, Emmert Drafting	817
Bodies for Automobiles, Manufacture of Metal	395
Boiler Law, A Uniform Steam	380
Bolt and Parts, Machining. Douglas T. Hamilton	660
Bolt Head, Proportions of a Counter-sunk	858
Bolt Heads on a Lathe, Facing. J. B. Murphy	1077
Bolt Pointer, Acme Turret Type	912
Bolt Threading Machines, National-Acme Stud and	238
Bolts and Screws, Data on	791
Bond Foundry & Machine Co.: Bowen Milling Machine	913
Bonnamy, R. D.: Inking Over Erasures on Tracings	427
Books on Automobiles and Gas Engines	692
Books on Scientific Management	605
Borax for Brazing, Dry. George N. Garrison	423
Boring and Tapping Tool	356
Boring and Threading Tools, Rigid	75
Boring and Turning Mill	356
Boring-bar, Adjustable Cylinder. Mendel Glickman	797
Boring-bar and Holder, Combination Lathe. M. P. Chaplin	425
Boring-bar, Cylinder	727
Boring-bars, Two Useful Types of. F. Server	59
Boring, Drilling and Tapping Machine, Rockford	69

Boring Large Work on a Lathe. George Wilson	601
Boring Lathe, Osborne & Sexton	1100
Boring Machine, Dunlap Projectile	822
Boring Machine, Newton Torpedo Flask	522
Boring Machines, Shell Turning and	441
Boring Mill Kinks. W. E. Butler	333
Boring Mill, Micrometer Dials for an Old. W. Whitley	62
Boring Operation, An Unusual. Server	799
Boring, Turning and Facing Machine, Newton	435
Bortz for Truing Wheels	1061
Bowen Milling Machine	913
Bowerman, M. R.: Design of Back-gears	584
Box Machines, Shrapnel	357
Boxes, Annealing	163
Boxes, New Britain Tote	713
Boxill & Bruel Machinery Co.: Cylinder Grinding Machine	357
Box-tool, A Useful. Carl M. Weber	424
Box-tool, Watson Open-type	816
Brace, "Mosher" Adjustable Drill	437
Bradley, Christopher C., Obiuary of	626
Brass and Copper Stampings, Producing Cheap	236
Brass Die-castings, Difficulties in Making	410
Brass Industry, Secretiveness in the	385
Brass Tubing, Threaded	990
Brass Washer, Machining a Thin	959
Brass Working Barrels, Reboring	896
Brazilian Commercial Commission	750
Brazing, Dry Borax for. George N. Garrison	423
Breitschmid, G. P.: Hand-operated Wire Bending Fixtures	515
Bridgeford Machine Tool Works: Heavy-duty Lathe	439
Bridgeport Safety Emery Wheel Co.: Bridgeport Wide-wheel Grinder	523
Bridges, Reinforced Concrete	148
Brierley Machine Co.: Precision Measuring Machine	1098
Bright Dip, Lay-out and Operation of a. George B. Morris	685
Brightman Mfg. Co.: Cutting-off Machine	74
Straightening Machine	727
Brinell Hardness Tests of Cutting Tools	975
Scleroscope and	975
British Imperial Gallon, Number of Cubic Inches in	896
British Patents, Working	557
Broaching Job, A Large	458
Broaching Machine, J. N. Lapointe	809
Broaching Method of Manufacturing Spur Gears	827
Broaching, Planish	395
Broaching Press, Metalwood	821
Broaching Square Taper Holes in a Brake Lever	474
Broaching Square Taper Holes in a Brake Lever, Correction	619
Broaching Tools for Multiple Keyways	561
Bronze Alloys for Automobile Construction	1055
Bronze Die-castings. Peter J. Weber	411
Bronze, War	548
Bronzes, "Ampero"	403
Brook, Victor, Personal of	537
Brophy, J. P.: What's the Matter with the Foundries?	141
Office Management	209
Punctuality	257
Brown, Alexander C., Personal of	830
Brown-Boggs Co.: Shell Marking Machines	255
Brown Hoisting Machinery Co.: Portable Crane	618
Brown & Sharpe Mfg. Co.: Early Roman Tools	1011
Brown & Sons, Ltd., David: Worm Grinder	842
Brownstein, Benjamin: What is a Patent Worth?	423
Bryant Chucking Grinder Co.: Grinding Dies on the Bryant Chucking Grinder	422
Bryant, Richard S., Obiuary of	626
Bryant Sons & Co., O.: Radiator Nipple Turning Machine	706
Bryce, John W., Personal of	446
B. T. U. in Horsepower-hour, Number of	802
Buckley, S. S., Personal of	919
Buda Co.: Electric Shop Truck	618
Buick Aluminum Crank-cases, Milling. Edward K. Hammond	543
Bullard Machine Tool Co.: "Maxi-pay" Plan	918
Bulldozer, Williams-White	437
Bulldozers and Planers, Making Cartridge Cases on. Douglas T. Hamilton	386
Bullet Velocities, High	1103
Burgess, W. S., Personal of	80
Burlingame, Luther D.: History of the Micrometer Again	58
Safety Organization of a Machine Shop	203
The Metric Agitation	964
Burrage, Charles W., Personal of	626
Burring Machine, Acme Duplex Nut	912
Burtsell, B. W., Personal of	446
Rush, Abraham Van Brunt, Obiuary of	360
Bushing Chuck, Rivett Self-centering	715
Bushing, Clamp. R. J. Kruse	1083
Bushings, Jig. R. F. Pohle	754
Bushings, Turning Eccentric. N. I. Mosher	800
Business, Need for Efficiency in	852
Butler, W. E.: Boring Mill Kink	333
Measuring 28-foot Flywheels with a 3-inch Micrometer	425
From a Mechanic's Note-book	427
Drilling Pin Holes for Driving Fit	603
Drilling Small Holes Straight	604
Accuracy in Planing Long Work	698
Setting One Pair of Calipers to Another	801
Sliding Fit for Pilot Pins	891
Butt Welding Machine, Detroit	533
Butt Welder, Electric	440

Buying on Business, Influence of Right. H. B. Twyford	1037
C	
Cabinets, Work	162
Cadillac Motor Car Co.: Tool System	868
Cadillac Screw Thread	606
Cadwell-Vernon Co.: Forming Sheet Metal by the Rolling Process	850
Calculating Machine Invented Was Made by Pascal, The First	143
Calder, John, Personal of	1106
"California," Electrically-propelled Battleship	235
Caliper Gages in Manufacturing, Fixed	745
Caliper, Micrometer	917
Calipers to Another, Setting One Pair of. W. E. Butler	801
Caliper Five-flute Reamers	694
Call System, Factory	838
Camera for Reading Meters	75
Cams by Hydraulic Pressure, Making	600
Cams on the Lathe, Cutting Barrel. M. H. Chace	230
Capacity of Cylindrical Tank, To Determine	699
Car Wheel Indicator	426
Cars and Motor Trucks, Repairing of Motor	1043
Cars, Ball Bearings on Freight	1011
Carburization and Heat-treatment. J. Gerrish Ayers, Jr.	17
Cardullo, Forrest E.: Industrial Betterment	171
Cardullo, Forrest E., Personal of	360
Carpenter, Tap & Die Co., J. M.: Threading Die-holders	535
Carpenter, William H., Personal of	537
Carroll Mfg. Co., L. W.: Friction Clutch Pulley	74
Cartridge Case Heading Press	441
Cartridge Cases, Ferracute Dial Feed Attachment for	343
Cartridge Cases, High-explosive Shell. Douglas T. Hamilton	320
Cartridge Cases on Bulldozers and Planers, Making. Douglas T. Hamilton	386
Cartridge Vent Drilling Machine. Sloan & Chace	725
Casehardening and Casehardening Compounds	750
Casehardening Compounds, Sulphur and Phosphorus in	845
Casehardening, Receipt for	788
Castings, Allowance for Shrinkage in Malleable	428
Castings, Aluminum Alloy for Making Strong	516
Castings, Careful Cleaning of	1025
Castings, Content of German Silver	235
Castings, "Correction," Making Slush	441
Castings, Location of Holes in	752
Castings, Making Slush	378
Castings, The Production of Die-pressed. Edward K. Hammond	363
Cast-iron Hollow Cylinders, Weight of. W. L. Tryon	424
"Cast On" Stellite Tools	617
Catalogues Needed, Informative	202
Cave, Henry, Personal of	919
Cave Welding & Mfg. Co.: Autogenous Welding Table	162

Truck, Storage Battery	1100
Truck, Stuebing Elevating	433
Truck Wheel, Pressed Steel	440
Trucks Converted into Railway Motor Cars, Motor	902
Trucks, Repairing of Motor Cars and Motor	1043
Truing Devices, Grinding Wheel. Douglas T. Hamilton	220
Truing Grinding Wheels, Diamonds for	969
Truing Jaws of Scroll Chuck. R. Gordon Edjell	1077
Truing Oilstones with Emery Cloth. William S. Rowell	981
Truing Up Chuck Jaws. W. G. Drummond	335
Tryon, W. L.: Weight of Cast-Iron Hollow Cylinders	424
Tube Sheets for Sugar Evaporators, Welding 13-foot	1051
Tube Slotting Die. Paul Cyr	516
Tubing, Flexible	1010
Tubing for Differential Bearings, Shelby Steel	974
Tubing for Textile Machinery, Shelby	978
Tubing, Saving Stock with Steel	859
Tucker, W. M. & C. F.: Rod Cutter and Shear	1000
Tuinhout, E. P., Personal of	259
Tungsten—Its Importance in the Manufacture of Alloy Steel—Roy C. McKenna	412
Tungsten, Usefulness of	683
Turbine, Continuous Operation of Steam	1031
Turbo-blower, Ingersoll-Rand	811
Turning and Boring Machines, Shell	441
Turning and Facing Machine, Newton Boring	435
Turning and Waving Machine, Band Seat	917
Turning Attachment, Shell. George Armstrong	795
Turning "Differential Spiders." Chester L. Lucas	506
Turning Eccentric Bushings. N. I. Mosher	800
Turning Ivory Billiard Balls. Edward K. Hammond	376
Turning Machine, Band	535
Turning Machine, Bausch Rifle-barrel	351
Turning Machine, Bryant Radiator Nipple	706
Turning Machine, Gilman Rifle Stock	612
Turning Machine, Jenckes Band	432
Turning Machines, Semi-automatic	357
Turning Mill, Boring and	356
Turning Taper Fits. Thomas Mason	1079
Turning Single-throw Cranks. John Peddie	331
Turning Tool, High-production. J. B. Murphy	898
Turning Wood, Tools for	236
Turret Head	727
Turret Head, Detachable	255
Turret Head Drill, Landau	1007
Turret Heads, Newman	812
Turret Heads, Correction—Newman	918
Turret, Himoif	822
Turret Lathe, see Lathe	
Turret Screw Machine	619
Turret Tool-holder, F-P-M	712
Tweezers, Duty on Dental. Jules Chopak, Jr.	508
Twist Drill, see Drill
